

Beautiful and Progressive Ginter Park

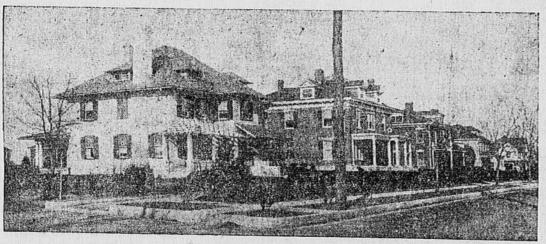

The Suburb Without An Equal

All of these homes are in Ginter Park, and there are about 150 others there just as attractive. Our best people have bought lots, and built in this up-to-date suburb because after careful investigation they have found more value, and more inducements offered there for the money than elsewhere. We own and oper-

ate our water plant. Excellent sewer system, double and direct street car service.

There are macadam streets electric lighted, well shaded and bordered by privet hedges. Fire and police protection. Daily delivery of groceries, and mail by city carriers. Excellent school with ample grounds, churches, etc.
